HERITAGE DAY 2016

Dr Arlin C Magliazzo

Dr Magliazzo is Professor of History at Whitworth College in Spokane, Washington, where he has also served as Department Chair and Director of Faculty Development. He is a former Fulbright/Hays Scholar in American Studies and the editor of " Teaching as an Act of Faith: Theory and Practice in Church-Related Education " and " Lands of True and Certain Bounty: The Geographical and Colonization Strategies of Jean Pierre Purry ".

Dr Magliazzo's fascination with Purry led to a choice of Purry's colonization of Purrysburg Township as the theme for his PhD Dissertation. Upon approval of the Dissertation, his Advisory Board strongly recommended that he further edit the work in form of a published book. The result is " To Make This Land Our Own: Community, Identity, and Cultural Adaptation in Purrysburg Township, South Carolina, 1732-1865 & 2007 University of South Carolina Press.

At the Georgia Salzburger Society Heritage Day Meeting on Labor Day 2016, Dr Magliazzo will honor us with a presentation covering the settlement of Purrysburg and its cultural relationship with the subsequently settled Ebenezer by our Salzburger ancestors. Hope to see all of you there.

THE PRESIDENT'S REPORT

Greetings to all,

I am fresh off the ship (airplane) from a visit to Germany to stand where our ancestors Jerusalem Congregation was founded in Augsburg and the most gracious Franke Foundation. The trip was fantastic and I wish you all could have attended. We are putting together a powerpoint type program in the future for all of those with questions.

I want to thank all of those who attended the Landing Day Meeting. There was not as many people this year as in the past and that meant more of the chicken rice soup served by the WELCA ladies of Jerusalem for me to eat. You really missed a treat as it was really, really good. The soup is a good addition to have a quick easy lunch before the meeting that I hope becomes a tradition. If our ancestors first soup meal was as tasty as ours I can understand why they stayed.

As an update on the Georgia History Core Standards, we were successful in getting the word "Salzburgers" back in for now. It is amazing how one word can have so much impact on our children's education for what is taught as a standard and what isn't.

Another note on our society's financial health. We have had more people join or rejoin as members and for that I thank you. This balances our losses of all those dear members who have passed away during this last year. So our net total is up a small amount. We are still running a negative balance to meet our budget needed for each year. To make things balance, we used funds from our endowment investment gains. We need to approach a more fiscally prudent budget in the near future if our donations to the yearly budget do not improve. A small gift of \$10-\$20 from each member (life especially as our membership is currently 80-90% life members) would make the difference between doing well or being severely restricted in our programs. So if you are able, please make a small donation toward keeping the society healthy. Simultaneously, we are trying to boost the income from the "Life fund" (where the life membership funds are invested). The constraints on this fund when originally set up restrict investments to bonds, CDs, etc. that are very sound. Today these investments have very low yields or returns – look at your bank savings returns as an example. This is what has lowered the Society's funding since approximately 2009. This is why we are cutting expenses while asking for donations to get us through this investment period and on sound financial footing.

We have a great program planned for Heritage Day on September 5th. Please bring all your neighbors and children. See you there.

Thank you for allowing me to serve you,

Gary Nizzi

CALLING ALL SALZBURGER YOUNG CHILDREN

In an effort to insure continued interest in our wonderful Salzburger heritage, a special category for membership in the Georgia Salzburger Society will soon be available. This category will be the "Junior Salzburger" (ages 0-15). The activities and programs are being designed especially for the children in teaching Salzburger history in a fun and interesting way. Dues will be \$10 annually. Parents and grandparents may choose to give lifetime memberships as birthday or holiday gifts. Salzburgers are Back in Ga History Standards

We were successful and the Salzburger history was added back to the standards for Georgia History on May 5, 2016. The standards were posted for 30 days until June 3 and approved by the State Board of Education on June 9, 2016. The next time we need to get ahead of this and make sure Germans are also included since many are of Swabian descent.

Below are the proposed changes, ours is on page 53, SS8H2, part c. I have copied it below to save you time, but you can peruse the rest of the updates using the link below.

<https://www.georgiastandards.org/Standards/Georgia%20Performance%20Standards/Gr8-Social-Studies-Standard.pdf>

GERMANY TRIP

Attendees were Charlie Arnsdorff, Don and Jan Hanberry, Candace Rausch and daughter Dianna Rausch, Sandy Hanberry, Dan Wilson, Gary Nizzi and Lena Nizzi. The main trip was from June 12-22nd. Some left early to take in a side trip to Salzburg, then join us in Munich to continue to Augsburg (St. Anne's Church-1321). Then to Weimar, Eisenach (Wartburg Castle) (St. Thomas Church), Leipzig, an Arnsdorff town, Dresden, Halle, Eisleben (Martin Luther's birth & death), Wittenberg and Berlin. There are many stories, some may be true....

GSS PROPERTY REPAIR UPDATE

The 16-year-old system in the Museum was replaced in mid-January with Board authorized funds to front the work in November. This helps us protect the many valuable historical items in the Museum entrusted by families to us for preservation, documentation and the enjoyment of all. The new system to both heat and cool the Museum with moisture control cost \$7800 and the Museum feels so much better inside. (Please stop by and feel the difference) The secondary HVAC system for the Loest library will not be changed at this time but needs separate dehumidification to assist that section for about (\$500- \$800) has been donated to date for this necessary repair. Additionally, the septic drain field had to be replaced in December and cost \$1100, plus the air conditioner (\$450-\$500) in the office just died and will be replaced. We continue to ask for contributions of approximately \$4100 donated to the building and grounds fund to cover these necessary needs. Please consider a gift to help with these items.

Loest Research Library

The Archives of the Francke Foundations contains a collection of 1,067 manuscripts about the relations between the Halle orphanage and the German speaking settlers in Georgia, most of who were Protestant refugees from Salzburg. They started their first settlement, Ebenezer, in 1734 under the pietistic leadership of two pastors who were sent out from Halle in Prussia. The strong transatlantic relations between the Salzburger emigrants in Georgia and the Pietists in Halle lasted throughout the 18th century. This book is a complete catalog with a summary of each manuscript. Genealogists will find a useful index with more than 2,200 names occurring in the source material.
